Eagle Trace Golf Club
1100 Main Street

7:15 - 9:00 AM Breakfast and Meeting
9:00 - 10:00 AM Tour: T.O. Plastics -
Clearwater location

Discussion Topic

A Lower Workers Compensation Cost Option

Presenter: Terry Didion, Meadowbrook Insurance

Minnesota-based manufacturers are invited to explore the potential benefits of a workers compensation insurance option available to association members: the Trifac Fund.

Since 1997, the Trifac Workers Compensation Self-Insurance Fund has provided value to manufacturers in Minnesota. The fund has expanded to provide coverage to just over 115 companies, representing \$8 million in premium and more than 10,000 employees.

The Trifac fund is administered by Meadowbrook Insurance Group, a Minneapolis-based TPA (third party administrator). Meadowbrook's Terry Didion will share information about the self-insurance fund, including:

- Benefits of being self-insured
- \$5 Million in Dividends!
- How the Trifac Fund is managed
- Performance history of the Fund
- Participation requirements

Meeting Fee: \$15/member*
\$20/nonmember

Includes full breakfast. CMMA requests remittance for all reservations not cancelled prior to the meeting.

**If a company is a CMMA member, all employees are eligible to attend at the member rate.*

Tour:

T.O. PLASTICS
